## How to Play

Shoot apple seeds at the monsters to defeat them. Defeat all the monsters in the level to progress to the next level.

On the bottom-right of the screen is a health bar. If you come in contact with an enemy, the health bar will be decreased. If the health bar is completely emptied, or you fall off the screen - you will lose a life.

## Controls

---

“SAND CASTLES” supports both traditional Atari 2600 joysticks and SEGA Genesis controllers!

### **Joystick Controls**

Left/Right – Move

Up – Jump

Fire button – Shoot apple seed bullets

### **SEGA Genesis Controls**

## Tips

---

- After taking damage from an enemy you will be invincible for a few moments – take advantage of this!
- Some shorter enemies are harder to hit, try jumping and shooting from a lower position.
- At the end of each level, bonus points are awarded. More points are awarded if you finish the level in less time, and with a fuller health bar.
